I due formati sono studiati per consentire pose modulari: a parità di calibro, si consiglia una fuga di 3 mm.

The two sizes are devised to allow modular installation: for the same caliber, we recommend a 3 mm joint.

Les deux formats sont conçus pour permettre des poses modulaires : avec le même calibre, nous conseillons un joint de 3 mm.

Die beiden Formate sind so gestaltet, dass eine modulare Verlegung möglich ist: bei guter Werkmaß wird eine Fugenbreite von 3 mm empfohlen.
